

TECHNOLOGIES FOR EFFICIENCY AT THE POINT-OF-USE.

Drive out cost and material waste, save time, and see productivity gains with GracoRoberts specialty packaging services. As part of our customer-focused and service-first approach, every product that leaves our warehouse can be enhanced with specialty packaging and dispensing to eliminate waste and ensure precision, safety, and accuracy at point-of-use. With the recent acquisition of UK-based Silmid, we offer export packaging services with a dedicated hazardous materials team, IATA qualified packing team, and on-site DGSA. Tailor the amounts, choose the format, and modify the packaging to work as a complete solution for you and your team of engineers and project managers.

Packaging options include:

- » 55-gallon drums
- » Amber glass - 2 oz, 4 oz, 8 oz

SPECIALTY PACKAGING

COMMITMENT TO QUALITY AND SERVICE

GracoRoberts and Resin Formulators are fully qualified to design, manufacture, and distribute products to a variety of industries. We are independently certified to three rigorous international quality standards: ISO 9001:2015, AS9100 (Rev. D) and AS9120 (Rev. B). To verify compliance with the requirements of these certifications, we engage in routine on-site examinations, self-reviews, and audits of our processes.

That, coupled with our standing as the only distributor/manufacturer to guarantee 100% inspection of every order from the point-of-entry to the point-of-shipment, ensures that the necessary controls are in place.

We are authorized to repackage for AkzoNobel, Castrol, Henkel, Huntsman, Momentive, and Resin Formulators with approved request. GracoRoberts is proud to have authorization to blend, repackage, and distribute AkzoNobel Aerospace high-performance paints and coatings. Silmid is the only authorized repackager of AeroShell Greases.

Custom kitting, labeling, and bar-coding services and various dispensing options are also available, as well as repack into custom containers.

As an Aerospace distributor, we understand the requirements for very fast turnaround on Export Shipments and can provide 24-hour turnaround for AOG customers.
